**Burrendah Primary School: 24/12/82**  
 The boundary for the abovementioned school is as follows:—  
 From the junction of Vahland Avenue and South Street, in a general westerly direction along South Street to Karel Avenue, north along Karel Avenue to a point opposite the northernmost part of The Quarterdeck, east from this point across The Escarpment to The Quarterdeck, east and south along The Quarterdeck to The Taffrail, east along The Taffrail and continuing in an easterly direction between Wren Close and Cormorant Cross to Burrendah Gate, south along Burrendah Gate to Albatross Pass, east along Albatross Pass to Pinetree Gully Road, south along Pinetree Gully Road to Paperbark Drive, east along Paperbark Drive to Salmon Gum Rise, north along Salmon Gum Rise to a point due west of Collins Road, from this point through to Vahland Avenue, and south and south-west along Vahland Avenue to South Street.  
 The boundary parts of South Street (north side), Karel Avenue (east side), The Quarterdeck (both sides), Burrendah Gate (both sides), Pinetree Gully Road (both sides) and Vahland Avenue (west side) and the boundary streets of The Taffrail, Albatross Pass and Paperbark Drive (both sides in each case) are included within the area for the Burrendah Primary School, while the boundary part of Salmon Gum Rise (both sides) is excluded from the area for the Burrendah Primary School.

This map is based on a written description of the local-intake area (LIA) for the school as published in the WA Government Gazette. Although the map closely represents the LIA description, for some houses near the boundary (especially on street corners), it may be necessary to refer to the written description. The street address of a residence is used to determine whether that dwelling is inside a particular LIA. The LIA description can be found in the School Profile System on the Department of Education website. While local-intake areas for most schools do not change from year to year, changes are made to local-intake areas as required. Such changes are published in the "WA Government Gazette" (usually in a December issue) and subsequently this map will be updated. For any enquiries contact Department of Education.
