

BURRENDAH PRIMARY SCHOOL

EDGYX MINI ROCKET CARS *In School Activity*

Dear Parents/Carers,

The Year 4 students of Room 24, 25 and 26 will be participating in an in-school activity, designing Mini Rocket Cars.

This experience links strongly to our Design Technology learning area. It will provide students with the opportunity to learn about forces, pressure, momentum, the design process of modifying and evaluating their products, as well as collaborative teamwork.

Students will attend a 1.5-hour session, led by facilitators, building, testing and racing their own mini rocket cars.

Date: Tuesday 11th June 2024

Cost: \$14.00 per student

Please return the permission note and payment to your child's teacher by Tuesday 4th June 2024 to ensure your child can participate in this exciting in-school activity. *Late forms and payment may result in a student not being able to attend this event.*

Thank you.

Kiara Duvall, Nicole King, Jaimie Morley and Trish Paxton
